In single applications, the plug can be routed out the grommet in the end leg, and plugged directly into the wall.

In 2 or more beams in a row, internal power blocks, jumpers, and a base in feed are required to connect to the building power (*Building connection REQUIRED by an Electrician*), and the power panels are plugged into the power blocks inside the trough channel to power the external power panel.

This warranty does not cover: damage caused by transportation, cost of transportation or labor, freight, misuse, abuse, negligence, alteration, accident, vandalism, rusting, cosmetic damage that may result from normal use, acts of nature or any other event beyond the control of the Seller.

## Ordering Procedure

An approved credit application is required to open an OFFICE FURNITURE DISTRIBUTORS (OFD) account and process an order. Orders can only be accepted from authorized OFD dealers. Orders from customers without a previous OFD credit rating will not be accepted without satisfactory references accompanying the order or other arrangements being made. OFD does not accept verbal purchase orders or revisions. Orders are accepted via fax or e-mail only. Please fax purchase orders to 972-386-5300 or e-mail to [cs@ofdists.com](mailto:cs@ofdists.com)

## Order Acknowledgement

OFD sends acknowledgements on all orders. Please examine the acknowledgement carefully and advise us immediately of any discrepancies. The Order Acknowledgment is the final agreement between OFD and the customer, superseding all previous communication regarding that order.

## Cancellation and Order Changes

### In-Stock Program

Cancellations or revisions will not be accepted after the order has shipped.

### Build-To-Order Program

Cancellations or revisions will not be accepted after the order has been acknowledged and entered into production and any deposit made will be forfeited.

## Delivery Time

### In-Stock Program

Normally, credit approved orders will be ready next day if purchase order is received by 12:00 p.m. CST. Orders received after these times will be ready the following business day. For orders requiring assembly, a minimum of 72 hours (depending on size of order) is normally required. Please contact Warehouse Scheduling for ready date confirmation.

### Build-To-Order Program

A 50% deposit is required to enter your order into production. Products are shipped to any point of destination within the continental USA in 6–10 weeks.

## Availability

OFD maintains a high level of inventory in our In-Stock Program in our regional distribution center. Our inventory is replenished on a regular basis, and orders are filled on a first come first served basis once a confirmed order is placed and an order acknowledgement is received.

A 20% deposit is required in order to hold inventory based on availability. OFD will hold product up to 14 calendar days. Deposit will be forfeited after this period unless a written cancellation request is submitted within 14 calendar days or a confirmed purchase order is received. **Please note:** large orders may require an extended lead time. In the event an item is not available, two options may apply that require written authorization from the dealer:

### Option 1

Partial ship available quantity and back order remaining items — **minimum drop off charges (if applicable) apply to BOTH the initial partial shipment as well as any subsequent back order shipments.**

### Option 2

Hold until complete order is available.

## Drop Shipments and Price Zoning

Please contact Customer Service for pricing on orders requiring shipment to a destination other than the dealers dock.
